

Little Stars Newsletter w/c 11-05-2026

Hello parents and carers,

We have had a lovely week sharing the story 'Hair Love' and 'Errol's Garden'. They have loved learning more about plants and what they need to grow. We have continued to care for our beanstalks and have watched them start to grow!

Next week, we will be reading the story 'Mad About Minibeasts.' This is a book that teaches us all about different creatures in the garden.

We will be:

- Searching for minibeasts in the garden with magnifying glasses.
- Making spiders using creative legs and bodies.
- Finding minibeasts in the soil.
- Talking about what makes us happy and why, as well as playing name games for our new children.
- N2's will be learning the sounds j and l. They will be playing a game with Listening Lens box. If you would like to help at home— you can make your very own sound box with these sounds in and see what you can find at home! N1's will be exploring rhymes in stories.
- N2s will be making number bonds to 5 and comparing groups of objects using the language more and fewer. N1s will be subitising a small number in a hoop.
- Singing music in high and low pitch voices whilst tapping along with our musical instruments.
- Practising using the pedals on a tricycle.

Please can we ask you all to send us a **baby photo** of the children ready for the week after! This can be done of Dojo or handing one to your child! We will be talking about how we were once all babies!

Sports day is on **Wednesday 10th June**. The children who will be starting school in September will be joining in!
